DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

SPONSERED PROJECTS

S.NO	PROGRAMME	ACADEMIC YEAR	AMOUNT
1	Sponsored project on software for school details management	2013-2014	Rs.10000/-
2	IIT-Bombay – e- Yantra sponsored by Ministry of Human resource development	2014-2015	Rs.5,00,000/-
3	Student project proposals a)Secure and sensitive Knowledge Mining in Non-linear Data structure b)A Web Monitor for Secured Packet Transfer c)Implementation of pattern matching with ranged time-instance in citizenship management system	2014-2015	Applied
4	Faculty development training programme for Winter Vacation	2016-2017	Without financial support-Approved
5	International level conference on Advanced Computing and Big data analytics-ICACB 18 Under Partial financial support- Tamilnadu. State Science and Technology	2017-2018	Rs.20,000/-
6	AICTE_STTP-Short term training programme	2018-2019	Rs.4,00,000/- Applied
7	Two day national level workshop on industrial internet of things-Tamilnadu State science and Technology	2018-2019	Rs.1,97,615/- Applied
8	Student project proposals under TNSCST a)Design and implementation of smart parking management system based on IOT	2018-2019	Applied

	b)Design and implementation of intelligent agriculture system and detection of temperature using Arudino, solar technology with smart phones in cloud environment c)Design and implementation of Smart irrigation system based on IOT and detection of virus in plants by using image processing techniques with smart phones		
9	Design and Development of Low cost-Predictive Short-Term Weather Research Forecasting Model based on Artificial neural network approach with Data mining techniques in Cloud Platform	2018-2019	Rs.30,63,264/- Applied Under review process Reference number-1534
10	Design and implementation of Intelligence emotion recognition system for Gender classification and face detection based on Machine learning	2018-2019	Rs.4,35,000/- Applied
